Dear Jancewicz & Son

How exciting for us to have all new windows. Especially because we were not able to open but a few windows and cleaning between the old storms was out of the question.

I like to purchase what I can locally and many people commented that Jancewicz was too expensive. I got quotes from other companies and they came in about the same. I also wanted a different color which you could provide.

I found the installers (Pat & Paul) to be extremely courteous, respectful & professional. Being an old house we did run into a couple of problems. It was handled quickly and I honestly could not be happier. Truthfully I would expect nothing less.

We will be having a warm & cozy holiday. Thank you very much!

Vicki Allen & Co.
