Dear Jason:

Please find enclosed a check for the final billing of our new roof. I want to thank you for the great job. I especially want to thank you for having Randy in charge of the project. He and his crew did an outstanding job of keeping us informed of the progress and completing a real professional repair job of the flat roof section. You are fortunate to have persons working for you with the customer's needs at the top of their list.

Sincerely,

*Al & Marcia*
