Jancewicz & Son  
6 Morgan Street  
Bellows Falls, Vermont 05101

Dear Mr Jancewicz,

Just a short note to express our sincere appreciation for a fine job on our new standing seam metal roof. We enjoyed the three men that did the work installing our new roof. They were very accommodating and friendly.

Most companies would love workers like Mike Kline, Stu, and Mike because you just don't find good workers like this anymore especially in 95 degrees heat..

Your company should be very proud of these workers. Mike Kline went out of his way to make sure we were pleased with everything as they went through the installation of our new roof.

We would recommend your company to anyone because of the workmanship, fine employees, and staying within the time frame of completeing the job.

Thanks again for a fine job.

Sincerely yours,

Mr. & Mrs. William Bridges
