Christmas is here already and we are so thrilled to be in our "new" home. We have finally become settled and I have already changed the decor from it's normal theme into the Christmas motif! No, I did not nail, screw or otherwise ruin the new siding!

Now that the sawdust has settled and we feel like we have landed, we wanted to stop and tell you how wonderful a job Steve & Dave did. Their craftsmanship was superb and we are thrilled with the quality and overall appearance of our house. These guys showed up to work, to work, and we certainly appreciate their work ethic. They were a pleasure to have around, although I did keep my bedroom shutters closed. For some reason they always started on the second floor :)!!

I have had numerous compliments on the siding, and, I am very happy you "talked" me into installing shutters, I think they really brought it all together. I was happy Stacey was able to include you in her school project for Channel 8 programming, I hope you liked it. A little free advertising never hurts anyone! Denis already has started dreaming about the next project (oh, please! not for a few years) and said we would definitely be calling you. .

You have a terrific work team, including the office :) and your professionalism at every level of your tasks makes me not think twice about recommending you to anyone.

So Merry Christmas to you all, and once again, *thank you* for a job well done!

Most Gratefully Yours,

Nancy + Denis
Nancy & Denis Bazin

Thankx
